

2020 Presidents Report

It seems no time since we sat together in the Credit Union Buildings for our AGM, and at that time we could never have imagined the environment we now find ourselves in. Families, friends, businesses - our community, we are all experiencing unexpected difficulties.

Despite the challenges we face, our members have continued to support their Credit Union. Members' continued support has created increases in loans, shares and total assets. A testament to our Members, Staff and Volunteers.

Whilst we cannot determine what 2021 will bring, we do know that we will stand together, support each other and continue to provide the affordable lending and saving options for our Members and community.

Eugene Larkin - Chairperson
